Thanks Sarah. Just FYI, we will no longer be representing the City as of September 30, 2016. We're working with the City on transition issues now, but I will include your contact information in our transition memo. If you need to contact the City after September 29th, you should contact First Assistant Corporation Counsel Angela Foster, 973.733.3880, fostera@ci.newark.nj.us.

Eric – Thanks for checking in. While we cannot provide any specifics, we expect to reach out to the municipalities, including the City of Newark, some time before the end of the year.

Regards,
-Sarah

Ms. Flanagan,

Following up briefly on our prior conversation regarding the Passaic River from back in April, does EPA have an anticipated timeframe for when it may be sending letters to “cash out” parties like the City of Newark? Any update would be much appreciated.

Regards.

Ms. Flanagan,

I am not sure if you remember me, but our firm serves as special environmental counsel to the City of Newark. We had spoken a long while ago with respect to the Byrne Labs Site. We are in receipt of EPA's Notice of Potential Liability for the Passaic River, and I was hoping that you might have a moment to discuss it with me. Please let me know if you have some time either this afternoon, Thursday afternoon, or anytime on Friday. Thanks.

Regards.
